REPUTATED BY KNOX.

Does Not Wish to Confer With Representatives of the Packers.

Washington, May 1.—Having received a letter from the president of the Republican club at New York stating he had arranged for a conference between Attorney General Knox and representatives of the packing companies, the attorney general has replied as follows:

"Your action requesting representatives of packing companies to meet me is unwarranted by my letter of April 28, and was without my knowledge or any intimation to me that you proposed doing so, until receipt of your letter. I regret that you have assumed to arrange conferences which misrepresent the government's position."

PACKERS WERE SHY.

Ten Thousand Cattle Carried Over at the Chicago Stock Yards.

Chicago, May 1.—The Record-Herald says: More live stock was carried over unsold at the yards Wednesday night than on any previous day this year. Representatives of the packers spent over an hour looking the markets over before they took hold to any important extent. Then they bought about 8,000 out of the 18,000 head of cattle received and drew out of the market. At the close of business there were 10,000 cattle left over unsold and half as many hogs.

Killed the Town Marshal.

England, Ark., May 1.—Town Marshal Sam B. Weaver was shot and killed by Dr. W. D. Allen. The right arm of Arthur Young, a bystander, was broken by a stray shot. Dr. Allen was seriously wounded in the hip by Weaver. Dr. Allen was arrested about 10 years ago by Weaver. Witnesses state that the two men met and after some angry words Allen pulled his pistol and shot Weaver four times. As Weaver fell he pulled his pistol and shot Allen in the hip and expired.

Twenty Thousand Persons Affected.

Providence, R. I., May 1.—An unlooked for development in the affairs of the American Woolen company, in connection with the strike of weavers in 13 of its mills, came when an order was issued to gradually close the yarn making departments in the Olneyville mills. Over 1,200 hands will be laid off. The closing of a number of mills in other cities has stopped the demand for yarns. It is estimated that this strike at present affects 20,000 persons.

Does Not Think It Proper.

Washington, May 1.—The ways and means committee has taken no action on the bills to place meat on the free list or the resolution to investigate the beef trust, which has been referred to it, and Chairman Payne expressed the opinion that nothing will be done. Pending the investigation which the department of justice is conducting he does not think it proper for the committee to take action on the resolution.

Wood Revokes the Order.

Havana, May 1.—Governor General Wood has revoked the order prohibiting the collection of burial fees by the parish priests. The governor general took this action believing that all persons who deemed themselves deprived of or injured in their rights should appeal to the courts.

Reduced Rates.

The Northern Pacific railway will sell tickets to Minneapolis and return at one fare plus \$2.00 for the round trip, May 18th, 19th and 20th, with the final limit of return to May 29th, on account of the meeting of the Baptist anniversaries at St. Paul May 20th to 27th.

## MAY DAY STRIKE FEVER

A NUMBER OF CITIES THROUGH OUT THE EAST REPORT LABOR TROUBLES.

## WANT AN EIGHT-HOUR DAY

Nearly Twelve Thousand Workmen Quit Work at Pittsburg—Demand Shorter Hours and Bigger Wages. At Buffalo, N. Y., and Cincinnati, O. Similar Demands Are Made by Laboring Men.

Pittsburg, May 1.—The May day strike fever is on in this city and nearly 12,000 workmen have failed to report for duty because their employers have refused to comply with their demands for advances in wages and shortening of hours, the principal demand of all the unions being for an 8-hour day. Those who struck are the structural iron workers, numbering 2,300; carpenters, 5,000; house wire men, 250; tile setters, 200; slate and tile roofers, 300; sheet metal workers, 300; plumbers, 650; bricklayers, 2,000; lathers, 300. The striking of these men will stop much of the building operations now under progress.

The scales of the painters, plasterers, ornamental iron workers and elevator constructors and ice men have been signed. It was hoped that the structural iron workers' strike would be averted by a compromise offered by the American Bridge company. In this offer the company agreed to pay 47½ cents an hour for an 8-hour day for Pittsburg workers and including all within a radius of 75 miles. A special meeting of the union was held and the offer was rejected.

A report from McKeesport says the builders and joiners there struck and building operations will be seriously impeded.

At Sharon the structural iron workers and painters and decorators struck. Work on the Sharon Steel company's plant and that of the Malleable Casting company will have to be suspended.

Buffalo, N. Y., May 1.—Two thousand carpenters and 500 plumbers employed in this city have struck for more wages. The carpenters demand 37½ cents an hour. They now get 30 cents. The plumbers want an advance from \$3 to \$3.50 a day. Fourteen contractors employing about 1,000 men have agreed to pay the wages demanded by the carpenters.

Cincinnati, May 1.—Three hundred electrical workers of this city at a meeting have decided to strike unless their demands for an 8-hour workday and \$3 per day are granted. They have been receiving \$2.66 per day for nine hours.

### BIG STRIKE BEGINS.

St. Paul Laboring Men Make Demands on Employers.

St. Paul, May 1.—Unless the demands of the American Federation of Labor are complied with there will be upwards of 600 laboring men of St. Paul out of employment by night. This action was decided on at the meeting of the different unions in Federation hall.

The trouble started when the Builders' Exchange of St. Paul adopted their schedule of prices several weeks ago and negotiations have been in progress since that time, but to little purpose.

The steamfitters' helpers did not work during the day and the carpenters are partially out. The hoisting engineers gave notice and go out if their demands are not complied with. The steamfitters held a secret session when it was decided that the men would not be allowed to go to work. They have demanded that they be given 45 cents per hour, but the demand has not been heeded. They have been receiving 37 cents per hour, which they claim is insufficient.

The iron molders also decided to strike. They have been getting \$2.75 per day, but want the amount increased to \$3.15. Propositions were submitted by the employing foundry men, but the organization would not listen to them and did not go to work.

The leather workers ask an increase of 10 per cent all through their work. They receive their pay by the piece, and the present prices, they claim, are less than are received in any other city. They go out Saturday noon if the prices are not forthcoming.

### STRIKE CONFERENCE ENDED.

Effect Upon Anthracite Coal Miners' Situation Not Announced.

New York, May 1.—When the conference between the representatives of the anthracite coal operators and of the United Mine Workers adjourned President Mitchell said it had adjourned "for good." He said he could not make public what had taken place or what the result of the conference was.

The delegates will report to the National Civic Federation when that body meets, at a time not yet decided upon.

The following statement was given out by the operators:

"Under the arrangement with the Civic Federation it was understood that the report of the committee could be made to that body only, and until the Civic Federation meets we cannot make a report to anybody else; either in the case of an agreement or disagreement."

### INJUNCTION A FAILURE.

Roads Under Restraining Orders Say the Others Are Cutting Rates.

Chicago, May 1.—The Record-Herald says: Control of the rate situation by means of injunction against a small number of railways has been declared a failure by the management of the lines now resting under restraining orders. Owing to this fact the 12 roads against which restraining orders have been issued have decided on the first issuance of a government order when the matter shall be called for permanent hearing before Judge Grosscup June 23. This decision has been reached because of the existing suspicion that rates are being cut by lines not enjoined and that preferences of various kinds are being given. One of the lines enjoined is complaining that in certain large cities competing lines are preferences in the form of free cartage, and that this cannot be overcome. As a result an effort will be made in June either to obtain the dissolution of the pending bills or to induce the court to order the government to include writs against every railway in the country.

### LONG'S LAST DAY.

Many Friends Call To Take Official Leave of the Retiring Secretary.

Washington, May 1.—Secretary Long closed his official career as the head of the naval establishment during the day. Affairs progressed as usual and the event was unmarked save by the calling of many friends to take official leave of the retiring secretary. Noticeable among the day's callers were Secretary Hay and Mr. Moody, Secretary Long's successor. It has been arranged that Secretary Moody shall assume the duties of secretary of the navy in the morning. Very few changes will follow the change in the head of the department. Only one will take effect at once will be the installation of Fred L. Fishback as confidential clerk in place of Mr. Greer, who has been appointed an assistant paymaster in the navy.

Mr. Fishback is clerk of the house committee on banking and currency and is a personal friend of the new secretary. Cyrus W. Wells, private secretary to Secretary Long, will serve Secretary Moody in the same capacity for the present.

### PEACE OUTLOOK FAVORABLE.

Boer Delegates Are Visiting the Burghers in the Field.

Pretoria, May 1.—In pursuance of an understanding reached by the Boer delegates at the conference recently held here the delegates are busy visiting the burghers in the field. General Botha, the Transvaal commander-in-chief; Acting President Schalk Burger of the Transvaal, General Delarey General Lucas Meyer, commander-in-chief of the Orange Free State forces; Secretary of State Reitz of the Transvaal, Mr. Steyn, ex-president of the Orange Free State, and General Dewet, have each taken a separate district for the purpose of conferring with the commandoes as rapidly as possible. After these conferences a general meeting has been arranged for at Vereeniging, Transvaal, May 25, when a final decision is expected.

It is believed among Boers who have surrendered and other well informed persons that the peace outlook is favorable, if the delegates place the situation fairly before the burghers.

### GETS TWO YEARS.

Princess Radziwill Sentenced for Forgery at Cape Town.

Cape Town, May 1.—Princess Radziwill, on trial here before the supreme court on the charge of forgery in connection with notes purporting to have been endorsed by the late Cecil Rhodes, was found guilty on all the counts against her and sentenced to two years' confinement in the house of correction.

In sentencing the prisoner the chief justice referred to her birth, her education and her position in society. He deplored the two dark features of her case, namely, the attempts to incriminate the innocent Mrs. Schultz and the bribing of a boy in the employ of the postoffice to forge a date line on the alleged telegram from B. A. Hawksley. Owing to her delicate health the chief justice said she would not have to perform hard labor.

The prisoner bowed her head and received her sentence calmly.

### FOR FRACTIONAL CURRENCY.

Plan of the Committee of Postal and Treasury Experts.

Washington, May 1.—The committee of postal and treasury experts who have been considering the question of a fractional postal currency probably will recommend to congress a measure calling for the establishment of a currency of notes adapted with improvements from the postal notes used in Canada, Great Britain, Germany and France. This plan calls for books of fractional currency arranged in detachable coupon form which are to be obtained from postoffices or rural free delivery carriers in amounts from 5 cents to \$2.

### Seven Hundred Go on Strike.

Chicago, May 1.—Seven hundred employees of Morgan & Wright, manufacturers of bicycle tires, went on strike to compel the reinstatement of fellow workmen, who, it is claimed, were discharged for joining a labor union. One hundred of the strikers were girls.

### Increased Taxes Proposed.

Madrid, May 1.—In the chamber of deputies the minister of finance, in making the budget statement for 1903, announced that in order to meet increasing expenditure it was proposed to increase the present taxes on sugar and alcohol.

## CHAFFEE RESPONSIBLE

WAR DEPARTMENT'S REPLY TO HOUSE RESOLUTION ASKING INFORMATION.

## NOTHING FROM WASHINGTON

General Smith Received His Instructions Regarding the Samar Campaign From His Immediate Superior—General Order 100 Was Published as a Guide for the Army. Smith's Acquittal Is Predicted.

Washington, May 1.—It is reported at the war department that its answer to the resolutions proposed by the military affairs committee of the house as to the nature of the instructions sent to General Jacob Smith from Washington for his guidance in the Samar campaign will be very brief. According to the officials no orders on this subject were sent to General Smith from Washington and the officer acted entirely under the instructions of his immediate superior, General Chaffee. It is also declared that General Chaffee was not instructed from Washington as to the kind of warfare to be waged in Samar. The nearest step in that direction was the publication as a guide for the army of general order 100, the department taking this means of calling attention to the fact that the order was still in force. If the court-martial now trying General Smith accepts the view that this order is in full effect now as when it was promulgated in the days of the Civil war, then it is predicted here at the department that General Smith will rely for his acquittal upon article 39 of that order, which authorizes a suspension of all rules of civilized warfare and retaliation when the enemy acts in a similar manner.

## WARM DEBATE IN THE SENATE.

Majority of Philippine Committee Accused of Desire to Suppress Facts.

Washington, May 1.—A resolution offered in the senate by Mr. Patterson of Colorado, directing the secretary of war to order by cable Major Gardener, now in the Philippines, to come immediately to Washington to appear as a witness before the Philippine committee, precipitated a warm discussion. The debate continued for about two hours, considerable feeling being manifested on both sides of the chamber. The charge was made by the minority that the majority of the committee was endeavoring to suppress facts and information. This was denied by the chairman of the committee, Mr. Lodge, who said that any such action would be inconceivably stupid. All parties, he insisted, were anxious to obtain the fullest information, but he and others contended that it would not be advisable to cable to the Philippines for Major Gardener as he was about to come home and would be here in time to appear before the committee. Mr. Patterson and Mr. Carmack of Tennessee urged that Gardener's testimony was particularly important and that it ought to be before action was taken on the pending bill. The resolution finally went over.

The bill for the purchase of the Rosebud reservation in South Dakota and the sundry civil appropriation bill were considered, but no action was taken on the m.

Baltimore, May 1.—Congressman Cummings is reported to be resting easily and it is thought there will be no material change in his condition for several hours, at least.

## 'HELLO' GIRL'S CLOSE CALL

A report came from Staples this afternoon that the telephone girl in the exchange in that city was seriously if not fatally injured this afternoon by a shock of electricity. It seems that during the electric storm lightning struck a pole in front of the building where the exchange is located and the force of the shock knocked her off her chair and threw her some eight or ten feet away. She had the transmitter to her ear at the time.

Staples could not be reached by phone this afternoon and the particulars could not be learned, but when the Staples-Duluth passenger left that place the girl was still unconscious.

Mrs. S. Brain, of 123 South 9th street, say: Doan's Kidney Pills cannot be spoken of in too high terms. I suffered greatly from my back, the symptoms showing unmistakably that the kidneys were at fault. The secretions from those organs were scanty and caused some pain; the aching in my back was constant and exceeding distressing. When my husband brought me Doan's Kidney Pills I was much in need of relief. I used them and in a comparatively short time the pain had disappeared and the improvement in my constitution was general. The kidneys were quickly restored to health and performed their functions naturally.

## REVIEW OF THE MARKET

By Edward Woods & Co., Grain Commission Merchants, of Minneapolis and Duluth.

April 30—One week ago today saw the culmination of the strong upward movement of prices of the preceding 10 days, brought about by the widely extended drought conditions. On Thursday and Friday abundant rains removed the chief bull influence and caused a sharp decline in prices. Saturday there was a recovery of 1/2 of a cent, which was lost on Monday. Yesterday the market was about steady and today it advanced 1/4 to one cent per bushel, closing 1/2 to a half higher at 74 and 75 1/2 respectively for the May and July options. The weather and crop conditions have been the chief influences. The drought was not broken in either Kansas or Ohio by last week's rains and many bad damage reports have been coming in from Kansas. Late advices are that the drought is now broken there as well as in Ohio. All authorities agree that damage was done prior to the rains by the dry and hot weather and high winds. Bradstreet says "Kansas cannot now raise over 1/2 of a crop at the best. Statistics are quite bullish—the domestic visible supply decreased 3,792,000 bushels and the world's visible decreased 6,800,000 bushels. Exports for last week were 3,750,000 bushels. Cash wheat continues at a premium over the May option and it is reported hard to buy. Feed is one dollar per ton higher. Exports are daily almost double the primary receipts, but we are informed that primary receipts will soon begin to increase though there is no indication of it at present.

Bromhall expects an enormous decrease in the amount on ocean passage during the next three months.

The rains reported today would seem to remove one of the chief props of the market, and something new will have to be brought forward to sustain prices.

## DEERWOOD.

C. J. Rathvon was in Brainerd on Monday.

Mrs. Wm. Taylor made a trip to Aitkin Tuesday.

James Leckliter has added a fine team to his livery.

Machine agents are making things lively around Deerwood.

Raymond has a blacksmith in his shop and he is making the anvil ring.

James Gardner, of Brainerd, was in town looking after his lumbering interests.

Mr. Coleman is getting his dance hall finished up and is putting on corrugated iron roofing.

Mr. and Mrs. James McCarvil have returned from their trip to the coast, and report a splendid time.

School meeting last Saturday resulted in favor of a new school house, and we hope to see a nice two-story building put up that will make a creditable showing for the district.

I feel it my duty to let suffering humanity know what the Herbaqueen Specific Remedies have done for us.

They have saved the life of my wife. She was afflicted with cancer through the whole system and was given up by doctors and friends as beyond any cure.

She was suffering for a long time and got steadily worse, till at last she could hardly bear her surroundings. Then I heard of these wonderful cures and decided we would try them, and after treatment with them for some time she began to get better and is now all right and able to do her housework.

I have full confidence in these treatments and recommend them to any one suffering with cancer or tumor, as curing the same without operation.

## 'HELLO' GIRL'S CLOSE CALL

A report came from Staples this afternoon that the telephone girl in the exchange in that city was seriously if not fatally injured this afternoon by a shock of electricity. It seems that during the electric storm lightning struck a pole in front of the building where the exchange is located and the force of the shock knocked her off her chair and threw her some eight or ten feet away. She had the transmitter to her ear at the time.

Staples could not be reached by phone this afternoon and the particulars could not be learned, but when the Staples-Duluth passenger left that place the girl was still unconscious.

### S. E. BRAINERD BOOMING.

Many New Residences Being ERECTED in That Portion of the City This Summer.

There is quite a spirit in the building line in S. E. Brainerd, and in this portion of the city P. B. Netleton for the Guaranty Loan Company seems to lead.

A. Isakson has just completed a nice cottage for this company at 1620 Oak street and has the frame work up for a nine room house at 1604 Oak street; also a small one at 1220, Quince street. The following is a list of other new houses:

Mr. Fleischer, 1700, Pine; Aug. Feiro 1216, Pine; J. W. Johnson 1201, Pine street; Andrew Olson 1614, Norwood; T. Lee, 1707, Oak; E. E. Vincent, 1716, Oak; Peter Walter, 1504, Oak street; Bredenberg & Erickson will have a store addition and Emel Eckholm is remodeling his house at 1301, Oak street; Erick Hassgrem, 1507, Pine street; and J. W. Roberts, 1702, Oak street.

IT WILL COME BACK.

Some Brainerd Residents Have Learned to Keep it Away

Your back may not ache very long.

But the ache will return shortly, Comes oftener-stays longer, Unless the kidneys are relieved.

Doan's Kidney Pills cure all kidney ills.

Brainerd people endorse them.

Mrs. S. Brain, of 125 South 9th street, say Doan's Kidney Pills cannot be spoken of in too high terms. I suffered greatly from my back, the symptoms showing unmistakably that the kidneys were at fault. The secretions from those organs were scanty and caused some pain; the aching in my back was constant and exceeding distressing. When my husband brought me Doan's Kidney Pills I was much in need of relief. I used them and in a comparatively short time the pain had disappeared and the improvement in my constitution was general. The kidneys were quickly restored to health and performed their functions naturally.

Sold for 50 cents a box, at the McCadden Drug Co., H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

### REVIEW OF THE MARKET

By Edward Woods & Co., Grain Commission Merchants, of Minneapolis and Duluth.

April 30—One week ago today saw the culmination of the strong upward movement of prices of the preceding 10 days, brought about by the widely extended drought conditions. On Thursday and Friday abundant rains removed the chief bull influence and caused a sharp decline in prices. Saturday there was a recovery of 1/2 cent, which was lost on Monday. Yesterday the market was about steady and today it advanced 1/2 to one cent per bushel, closing 1/2 to a half higher at 74 and 75 1/2 respectively for the May and July options. The weather and crop conditions have been the chief influences. The drought was not broken in either Kansas or Ohio by last week's rains and many bad damage reports have been coming in from Kansas. Late advices are that the drought is now broken there as well as in Ohio. All authorities agree that damage was done prior to the rains by the dry and hot weather and high winds. Bradstreet says "Kansas cannot now raise over 1/2 of a crop at the best. Statistics are quite bullish—the domestic visible supply decreased 3,792,000 bushels and the world's visible decreased 6,800,000 bushels. Exports for last week were 3,750,000 bushels. Cash wheat continues at a premium over the May option and it is reported hard to buy. Feed is one dollar per ton higher. Exports are daily almost double the primary receipts, but we are informed that primary receipts will soon begin to increase though there is no indication of it at present.

Bromhall expects an enormous decrease in the amount on ocean passage during the next three months. The rains reported today would seem to remove one of the chief props of the market, and something new will have to be brought forward to sustain prices.

### DEERWOOD.

C. J. Rathvon was in Brainerd on Monday.

Mrs. Wm. Taylor made a trip to Aitkin Tuesday.

James Leeklitter has added a fine team to his livery.

Machine agents are making things lively around Deerwood.

Raymond has a blacksmith in his shop and he is making the anvil ring.

James Gardner, of Brainerd, was in town looking after his lumbering interests.

Mr. Coleman is getting his dance hall finished up and is putting on corrugated iron roofing.

Mr. and Mrs. James McCarvil have returned from their trip to the coast, and report a splendid time.

School meeting last Saturday resulted in favor of a new school house, and we hope to see a nice two-story building put up that will make a creditable showing for the district.

STEPP'S.

I feel it my duty to let suffering humanity know what the Herbaque Specific Remedies have done us. They have saved the life of my wife. She was afflicted with cancer through the whole system and was given up by doctors and friends as beyond any cure. She was suffering for a long time and got steadily worse, till at last she could hardly bear her surroundings. Then I heard of these wonderful cures and decided we would try them, and after treatment with them for some time she began to get better and is now all right and able to do her housework. I have full confidence in these treatments and recommend them to any one suffering with cancer or tumor, as curing the same without operation.

## CORNER STONE TO BE LAID SUNDAY

Appropriate Exercises to be Held  
on Sunday Afternoon at  
New Hospital Site.

### THE NEW ST. JOSEPHS HOSPITAL

Appropriate Addresses will be Given  
and the Marine Band  
will Discourse Music.

On Sunday afternoon the corner stone of the new St. Josephs hospital being built in this city by the Order of St. Benedict will be laid and appropriate exercises will be held. It has been expected by Rev. Father D. W. Lynch that the Bishop would be present on this event but he could not come, so Father Lynch was delegated to go ahead.

The exercises will be held at 3:30 o'clock at which time the public is invited. Music will be furnished for the occasion by the Brainerd Marine band and remarks will be made by Mayor Halsted, Drs. Camp and Courtney and Rev. Father D. W. Lynch.

The work on the new structure is being pushed on and it begins to assume large proportions. The building will be one of the most perfect institutions of the kind in the state and will cost something over \$30,000.

At first it was thought that a building three stories high would be constructed, but after serious consideration, and in view of the fact that the order has secured control of an abundance of ground, it has been decided to erect the building two stories high and cover more territory.

This will condense the work and will provide for more space on the ground floor, thus saving the good sisters many steps that would otherwise have to be taken if the building was three stories high.

The building will be of solid brick, with a stone foundation. The main building will be 110 by 50 feet and the extension will measure 50 by 40 feet. On the ground floor will be located the pharmacy, operating room, parlors, sterilizing room, chapel, sitting room, store rooms, dining room and sacristy.

On the second floor there will be large and small wards, private rooms and a diet kitchen. The building will be modern in every respect, electric lighted and steam heated. The operating rooms will be particularly well provided with all the conveniences that a modern operating room requires. They will be models of beauty. A separate building will be erected on the grounds for the boiler room, laundry and hired help's sleeping apartments. The building will be 33 feet high and will face on Third street and it is on this side that the main entrance will be.

The part of Bluff avenue running in front of the present site of the old hospital from Ivy to Holly streets, have been vacated so that the new hospital will face Third street and will rest back almost to the bow of the decline to the river. A large tower will be erected on the northeast end of the building, and this eminence will be exactly on the middle of Holly street, and will be discernible all the way down the street. The building is modeled somewhat after the one erected at Duluth.

### ON THE DIAMOND.

Brainerd will not have a regular game next Sunday but will play with the Brainerd second team—a practice game. The management has about completed arrangements with A. M. Flynn, who played short for the fast Litchfield team last year, and he may reach Brainerd by Sunday. J. Merrill, who played second base with the Tooze's, has been signed with the Brainerd team also.

The St. Cloud base ball fans met and elected E. W. Pierce manager of the team for the ensuing year and decided to have a fast team.

Ned Egan, who talked the people of St. Cloud to death the early part of the spring on base ball, has signed with the Winnipeg team and will also manage the team.

We have some aristocratic colored shirts, but our prices are only 50c, 75c and \$1. Mark's Shoe and Clothing House, Sixth street south, opposite postoffice.

### REMAINS TO BE BROUGHT HERE.

The Funeral Services Over the Remains of the Late George W. Bain to be Held Here Tomorrow Afternoon.

The remains of the late George W. Bain, who was killed near Duluth day before yesterday, will be brought to this city tomorrow afternoon and the funeral services will be held at the First M. E. church under the auspices of the Masonic lodge of this city. The services will be held at 2:30 o'clock and all members of the Masonic order will meet at 1:30 o'clock at their hall and will go to the church in a body.

Interment will be made in Evergreen cemetery, where deceased some years ago bought a lot.

### MARRIED AT DULUTH.

Miss Mary A. Hollenbaek Married Yesterday to Mr. Joseph T. Nelson--  
Well Known Here.

Cards have been sent out in this city by Mr. and Mrs. F. C. Hollenbaek announcing the marriage of their daughter, Miss Mary A. Hollenbaek to Mr. Joseph T. Nelson.

The wedding occurred yesterday in St. Paul's Episcopal church in Duluth. Miss Hollenbaek is well known in this city, having lived here for many years until a short time ago, when she went to Duluth. Her many friends in this city extend congratulations.

Mr. and Mrs. Nelson will be at home in West Duluth after May 15.

### Where Quality Counts.

In buying a home the quality of the material used and the workmanship is a very essential feature, a poorly constructed, cold house is a bad investment at any price. I am building several cottages in different parts of the city to sell on easy payments, but everyone of them is built on honor, they are warm because they are sided with four inch siding, they have two thicknesses of building paper and two heavy coats of plaster. The shingles are the best, the finishing lumber is No. 1 throughout, the floors are double, the foundations are stone 18 inches thick and run up 18 inches to two feet above the ground, they are painted inside and out, with two coats of the best lead and oil, they will need no repairs for eight or ten years, they are as well built as \$10,000 places. Look them up. P. B. NETTLETON, Palace Hotel.

### A BIG LUMBER DEAL.

Closed Involving Standing Pine and Logs in the Cass Lake District--  
Neils Company Interested

One of the biggest lumber deals in the history of Minneapolis has just been closed by which T. H. Shevlin and Hovey C. Clarke, of the firm of Shevlin-Carpenter & Co., of this city, now have control of the largest lumber interests in the Mississippi valley district, says the Minneapolis Journal. Mr. Shevlin and Mr. Clarke now step to the foremost position in the lumber industry of this district through the sale by the Scanlon-Gibson Lumber company to J. Neils & Co., of 100,000,000 feet of standing pine and 30,000,000 feet of logs in the Cass Lake district.

The J. Neils company is allied with the Shevlin-Clark interests, the principal stockholders in the former being T. H. Shevlin and Hovey C. Clarke, of the Shevlin-Carpenter company, and J. Neils.

Mr. Shevlin holds the majority of stock in the purchasing company, and will consequently be the controlling factor in its affairs.

The burning of the Greenmont mill at Cass lake, which had been leased by the Scanlon-Gipson company, is directly responsible for the sale.

The destruction of the mill prevented the company from sawing in that district this season. The logs are accessible to the Minneapolis market only by rail, and only a limited amount of them can be brought here in that way.

As the J. Neils company which has a mill in that district was in a position to handle easily both logs and standing pine, the Scanlon-Gipson company found it profitable to dispose of its holdings.

The Scanlon-Gipson company still has big mills at Scanlon and Nickerson, and having leased the Diamond mill in this city, is still heavily interested in the lumber business notwithstanding its important relinquishment.

Fine line of carpets. Hoffman.

### COMMEMORATE ANNIVERSARY

Odd Fellows and Members of their Families Meet Last Night in Their Hall.

### THE EIGHTY-THIRD ANNIVERSARY

Some Good Speeches and Excellent Music Heard During the Evening.

Last night the eighty-third anniversary of the I. O. O. F. was commemorated in this city in a very fitting manner when a large number of the members of the order with their families gathered in Odd Fellows' hall.

There was a business session preceding the program of the evening at which the important matter of electing a representative to the grand lodge in St. Paul in June was taken up. R. G. Vallentyne was the unanimous choice of the lodge. N. M. Paine was elected alternate and Chas. Mudge, delegate.

At the entertainment which followed the business session R. G. Vallentyne acted in the capacity of chairman. Mrs. G. Robinson, noble grand of the Rebekahs, delivered the address of welcome to the guests and her address was followed by a very well rendered duet by two little girls. A vocal solo was enjoyed rendered by Miss E. Dudley, Mrs. Rounds accompanying her on the piano.

Addresses were delivered by Rev. M. L. Hutton and S. W. Hover, after which a violin solo was given by Miss Hoffbauer. Mrs. R. D. Bruce rendered a vocal solo which was greatly enjoyed, and the trio work by the Misses Hoffbauer with violins and piano was a pleasant feature of the program. Mrs. Bruce and her daughters are musicians of ability, and being new residents of the city, they will be gladly welcomed into musical circles.

### MUSIC AND DRAMA.

AL. G. FIELD GREATER MINSTRELS. Tonight Al. G. Field's Greater Minstrels will be the attraction at the Brainerd Opera House and a treat is in store for Brainerd theatre-goers.

At one time the most favored variety of theatrical entertainments was that furnished by the minstrels. Then came a time when this popularity fell away. It remained in late years for a couple of gentlemen with brains and energy to revive this interest and restore this form of attraction to its proper place in the modern school of popular entertainments. The most successful of these workers is Al. G. Field, who with his Greater Minstrels, are this season making their seventeenth annual tour of the United States and Canada and are receiving ovations along the line. Unlike other theatrical attractions, a minstrel company must ascend in the scale of excellence. Backsliding will not be forgiven. "Onward" and "upward" must ever be the watchword and it is this eternal vigilance, this sturdy adherence to the motto "Excelsior" which accounts more than anything else for the unprecedented success of the Al. G. Field Greater Minstrels and the ingenuity of Mr. Field and his Lieutenant, Dan Quinlan, shines through it all. The audiences which are greeting this celebrated attraction are, if possible, the largest that have ever filled the theatres, and the general opinion prevails that the performance is by far better than any of Mr. Field's splendid offerings of the past. In the performance there is much to commend itself to the critically inclined. The marked originality of the first part is a refreshing innovation. The concise and stiff arrangement have been superseded by picturesque and graceful grouping which relieves all semblance of monotony. The title of this new production is "A Day and a night at the Pan-American Exposition" and is a correct scenic representation of the beauties of the magnificent exposition. A series of views of the different beautiful buildings is presented with realistic accuracy.

### CASE WAS DISMISSED.

David Bourgard and William Parker are Released After the Hearing  
Yesterday Afternoon.

David Bourgard and William Parker, the two men charged with enticing Annie Berglund to a house of ill-fame for purpose of prostitution, were released yesterday afternoon by Judge Blewitt after the hearing. Annie Berglund was the complaining witness and she was the first to be put on the stand by the state. It appeared from the testimony that, though she claimed to be very young, her checkered career stood out in bold relief, and when questioned regarding her past life, she made no bones about making a clean breast of things. She said when asked, if she knew where she was going when taken to the house in question that she thought she was going "hopping."

## ON THE DIAMOND.

Brainerd will not have a regular game next Sunday but will play with the Brainerd second team—a practice game. The management has about completed arrangements with A. M. Flynn, who played short for the fast Litchfield team last year, and he may reach Brainerd by Sunday. J. Merrill, who played second base with the Tooze's, has been signed with the Brainerd team also.

The St. Cloud base ball fans met and elected E. W. Pierce manager of the team for the ensuing year and decided to have a fast team.

Ned Egan, who talked the people of St. Cloud to death the early part of the spring on base ball, has signed with the Winnipeg team and will also manage the team.

## MARRIED AT DULUTH.

Miss Mary A. Hollenbaek Married Yesterday to Mr. Joseph T. Nelson—Well Known Here.

Cards have been sent out in this city by Mr. and Mrs. F. C. Hollenbaek announcing the marriage of their daughter, Miss Mary A. Hollenbaek to Mr. Joseph T. Nelson.

The wedding occurred yesterday in St. Paul's Episcopal church in Duluth. Miss Hollenbaek is well known in this city, having lived here for many years until a short time ago, when she went to Duluth. Her many friends in this city extend congratulations.

Mr. and Mrs. Nelson will be at home in West Duluth after May 15.

## Where Quality Counts.

In buying a home the quality of the material used and the workmanship is a very essential feature, a poorly constructed, cold house is a bad investment at any price. I am building several cottages in different parts of the city to sell on easy payments, but everyone of them is built on honor, they are warm because they are sided with four inch siding, they have two thicknesses of building paper and two heavy coats of plaster. The shingles are the best, the finishing lumber is No. 1 throughout, the floors are double, the foundations are stone 18 inches thick and run up 18 inches to two feet above the ground, they are painted inside and out, with two coats of the best lead and oil, they will need no repairs for eight or ten years, they are as well built as \$10,000 places. Look them up. Prices are right.

## A BIG LUMBER DEAL.

**Closed Involving Standing Pine and Logs in the Cass Lake District—Neils Company Interested**

One of the biggest lumber deals in the history of Minneapolis has just been closed by which T. H. Shevlin and Hovey C. Clarke, of the firm of Shevlin-Carpenter & Co., of this city, now have control of the largest lumber interests in the Mississippi valley district, says the Minneapolis Journal. Mr. Shevlin and Mr. Clarke now step to the foremost position in the lumber industry of this district through the sale by the Scanlon-Gibson Lumber company to J. Neils & Co., of 100,000,000 feet of standing pine and 30,000,000 feet of logs in the Cass Lake district. The J. Neils company is allied with the Shevlin-Clark interests, the principal stockholders in the former being T. H. Shevlin and Hovey C. Clarke, of the Shevlin-Carpenter company, and J. Neils. Mr. Shevlin holds the majority of stock in the purchasing company, and will consequently be the controlling factor in its affairs.

The burning of the Greenmont mill at Cass lake, which had been leased by the Scanlon-Gibson company, is directly responsible for the sale. The destruction of the mill prevented the company from sawing in that district this season. The logs are accessible to the Minneapolis market only by rail, and only a limited amount of them can be brought here in that way.

As the J. Neils company which has a mill in that district was in a position to handle easily both logs and standing pine, the Scanlon-Gibson company found it profitable to dispose of its holdings.

The Scanlon-Gibson company still has big mills at Scanlon and Nickelton, and having leased the Diamond mill in this city, is still heavily interested in the lumber business notwithstanding its important relinquishment.

## COMMEMORATE ANNIVERSARY

**Odd Fellows and Members of their Families Meet Last Night in Their Hall.**

## THE EIGHTY-THIRD ANNIVERSARY

**Some Good Speeches and Excellent Music Heard During the Evening.**

Last night the eighty-third anniversary of the I. O. O. F. was commemorated in this city in a very fitting manner when a large number of the members of the order with their families gathered in Odd Fellows' hall.

There was a business session preceding the program of the evening at which the important matter of electing a representative to the grand lodge in St. Paul in June was taken up. R. G. Vallentyne was the unanimous choice of the lodge. N. M. Paine was elected alternate and Chas. Mudge, delegate.

At the entertainment which followed the business session R. G. Vallentyne acted in the capacity of chairman. Mrs. G. Robinson, noble grand of the Rebekahs, delivered the address of welcome to the guests and her address was followed by a very well rendered duet by two little girls. A vocal solo was enjoyed rendered by Miss E. Dudley. Mrs. Rounds accompanying her on the piano.

Addresses were delivered by Rev. M. L. Hutton and S. W. Hover, after which a violin solo was given by Miss Hoffbauer. Mrs. R. D. Bruce rendered a vocal solo which was greatly enjoyed, and the trio work by the Misses Hoffbauer with violins and piano was a pleasant feature of the program. Mrs. Bruce and her daughters are musicians of ability, and being new residents of the city, they will be gladly welcomed into musical circles.

## MUSIC AND DRAMA.

AL. G. FIELD GREATER MINSTRELS.

Tonight Al. G. Field's Greater Minstrels will be the attraction at the Brainerd Opera House and a treat is in store for Brainerd theatre goers.

At one time the most favored variety of theatrical entertainments was that furnished by the minstrels. Then came a time when this popularity fell away. It remained in late years for a couple of gentlemen with brains and energy to revive this interest and restore this form of attraction to its proper place in the modern school of popular entertainments. The most successful of these workers is Al. G. Field, who with his Greater Minstrels, are this season making their seventeenth annual tour of the United States and Canada and are receiving ovations along the line. Unlike other theatrical attractions, a minstrel company must ascend in the scale of excellence. Backsliding will not be forgiven. "Onward" and "upward" must ever be the watchword and it is this eternal vigilance, this sturdy adherence to the motto "Excelsior" which accounts more than anything else for the unprecedented success of the Al. G. Field Greater Minstrels and the ingenuity of Mr. Field and his lieutenant, Dan Quinlan, shines through it all. The audiences which are greeting this celebrated attraction are, if possible, the largest that have ever filled the theatres, and the general opinion prevails that the performance is by far better than any of Mr. Field's splendid offerings of the past. In the performance there is much to commend itself to the critically inclined. The marked originality of the first part is a refreshing innovation. The concise and stiff arrangement have been superseded by picturesque and graceful grouping which relieves all semblance of monotony. The title of this new production is "A Day and a night at the Pan-American Exposition" and is a correct scenic representation of the beauties of the magnificent exposition. A series of views of the different beautiful buildings is presented with realistic accuracy.

## CASE WAS DISMISSED.

David Bourgard and William Parker are Released After the Hearing Yesterday Afternoon.

David Bourgard and William Parker, the two men charged with enticing Annie Berglund to a house of ill-fame for purpose of prostitution, were released yesterday afternoon by Judge Blewitt after the hearing. Annie Berglund was the complaining witness and she was the first to be put on the stand by the state. It appeared from the testimony that, though she claimed to be very young, her checkered career stood out in bold relief, and when questioned regarding her past life, she made no bones about making a clean breast of things. She said when asked, if she knew where she was going when taken to the house in question that she thought she was going "hopping."

## KILLED IN A PANIC

FALSE ALARM OF FIRE CAUSES  
A DISASTER IN A PHILADEL-  
PHIA FACTORY.

### THE DEAD NUMBER EIGHT

Some of the Victims Are Caught in  
the Crush on the Stairways and  
Others Jump From the Windows  
Into the Street Below—Three Are  
Fatally and Over a Score Seriously  
Injured in the Wild Rush.

Philadelphia, May 1.—An unfortunate accident to a deaf and dumb boy Isidor Baccus, was directly responsible for the death of eight girls and young women, the fatal injury of three others and the serious injury of more than two score of girls employed in the cigar factory of Harburger, Homan & Co., a branch of the American Tobacco company, located at Tenth street and Washington avenue.

The dead are: Mary Geneva, aged 15; Helen Tolini, 12; Elizabeth Tarline, 16; Annie Roschneider, 18; Louisa De Sept, 16; Ida Green, 18; Anna Ford, 13, and Johanna Gilly, 22.

The building in which the disaster occurred is a 5-story brick structure and reaches an entire block. Twelve hundred persons were at work at the time of the accident, 90 per cent of whom were girls, whose ages range from 12 years upward.

The trouble began on the fourth floor of the structure. Baccus, who was janitor of the building, started for the fifth floor for a ball of twine. The elevator was at the top of the shaft and Baccus pulled the rope to bring it down. He opened the door leading to the shaft and leaned forward to see where the carriage was. As he did so the elevator, which was descending slowly, struck him across the back of the neck, pinioning his head between the elevator and the floor. A stock boy released Baccus and cried for help. The foreman rushed from the building to call an ambulance and immediately there was a panic among the employees. Some of the younger girls fainted, while others, not being able to control their feelings, cried fire. Instantly there was a

Fright Causes Heart Failure.

Winona, Minn., May 1.—Fright caused by an accident resulted in the death of John Gatzlaff in Pleasant Valley. Mr. Gatzlaff was on top of a load of hay and in making a turn on a sharp decline the load tipped over and he was thrown off. He was not injured, but the fright induced heart failure that caused his death.

The Scrap Was Too Much for Money. Washington, May 1.—Senator Money of Mississippi, who suffered a severe shock as a result of his difficulty with a street car conductor last week, has been confined to his apartments for several days past. It is doubtful whether he will be able to appear in court when the charges growing out of the affair are to be heard.

Mad Rush for the Stairway leading to Tenth street. The girls rushed down the narrow staircase until they reached a bend in the exit between the second and third floors.

In their eagerness to escape the frightened leaders fell. Others immediately following tripped over the struggling mass of humanity and in less than a minute there were hundreds of children and young women struggling in the passageway. The shrieks and screams of the terror-stricken girls could be heard for a block or more. During the excitement an alarm of fire was turned in, but before the engines could reach the scene several of the occupants of the building had rushed to the windows and jumped to the street, a distance of over 50 feet. Helen Tolini, one of those to jump, was almost instantly killed. When the firemen and policemen arrived every effort was made to quiet the terrified girls. The firemen rushed up the stairway and begged the girls to be calm, telling them that there was absolutely no danger, but the sight of the firemen seemed only to add fuel to the flame. When the policemen and firemen were endeavoring to quiet the girls on the stairway ladders were being run up on the outside of the building and the employees who had climbed out onto the fire escape and window sills were quickly taken to the street. After a few minutes the men were enabled to check the awful crush on the stairway and then began the work of rescuing those who had been trampled and crushed between the second and third floors. The alarm for ambulances had been turned in as quick as the dead and injured could be carried from the building they

Were Hurried to the Hospitals. The number of ambulances was entirely inadequate and patrol wagons were brought into use to carry the victims away for treatment.

While this was going on the scene about the structure was heartrending. The building is located in a section largely inhabited by Hebrews, many of whom were caught in the terrible crush. Parents and relatives of the unfortunate girls were screaming and rushing about the streets like mad, and it was almost impossible for the police officials to restrain the mothers and relatives of supposed victims from entering the building.

The work of rescuing the girls from the windows was necessarily tedious. They were so excited that they did not seem to understand the pleadings of the firemen. At nearly every widow of the huge structure were girls screaming and crying for help. Many were so excited that it was with the greatest difficulty that they were prevented from jumping from the building, notwithstanding that there was not a sign of fire and their rescue seemed only the work of a few moments.

The panic was over in less than half an hour, but in this brief space thousands of persons had been attracted to the scene by the wild screams of the victims and the shrieks of the girls at the windows.

Because of the great excitement it was almost impossible to get an intelligent idea of the disaster and it was three hours after the accident occurred before a single victim was identified.

Roosevelt, Hanna and Payne Confer. Washington, May 1.—The president took an early stroll and stopped at the residence of Senator Hanna. The discussion turned on postoffice appointments in the South and Postmaster General Payne was telephoned for, and some of the coming vacancies, the men filling them and aspirants for the positions were considered.

AFTER A FIFTY-DAY FAST.

Mrs. Mary Hall, a Resident of La Grange, Ind., Is Dead.

La Grange, Ind., May 1.—Mrs. Mary Hall is dead after fasting for 50 days on account of advice given her by a doctor more than 25 years ago. At that time she was told that at some future time she would be afflicted with cancer on her nose, which would cause her death. Since then she has been acting in accordance with that opinion and 50 days ago she ceased eating, saying that the cancer would thus be driven away. Physicians could not change her mind. A post mortem examination revealed the fact that her organs were in perfect condition.

## CAN BE COMMUNICATED.

Professor Behring Says Tuberculosis in Man and Cattle Is Identical.

Berlin, May 1.—Advance sheets of Professor Behring's forthcoming book on tuberculosis in cattle are available here. From them it is seen that in his book the professor details the result of six years' investigations at Marburg, where he was assisted by Doctors Huppert and Roemer.

Professor Behring affirms that tuberculosis in man and cattle is propagated by identical bacilli and that the seeming differences between the human and the cattle bacilli result from the capacity of the bacilli to accommodate themselves to the organism in which they live. The writer explains the process by which he reaches the conclusion that, chemically and physiologically, the tubercle bacilli in man and cattle are of the same species.

Professor Behring says he has successfully infected cattle with virus from human beings, producing thereby fatal animal tuberculosis. He also says he has discovered a method to render cattle immune against tuberculosis, which is done by vaccinating the cattle when they are young. This he declares to be his greatest discovery and says the method is in use on farms at Marburg. He alluded to his method of inoculating cattle in his speech at Stockholm, when he was awarded one of the Nobel prizes.
